THE POWER OF INDEPENDENCE

COMPANY PROFILE

CHI SIAMO

Il team della RCC Srl è leader nella distribuzione di componenti elettronici e pone al servizio dei propri clienti diversi anni di esperienza e di competenza maturate nel campo.

Distribuisce componenti elettronici di qualità e reperisce componenti elettronici rari, allocati e obsoleti.

Il nostro know-how si basa sulla cura per i dettagli e sul rispetto dei più elevati standard qualitativi, per garantire il massimo dell'affidabilità e della sicurezza.

ABOUT US

The RCC Srl team is a leading electronic component distributor, leveraging years of experience and expertise in the field to serve its customers. We distribute quality electronic components and source rare, out-of-stock, and obsolete electronic components. Our expertise is based on attention to detail and adherence to the highest quality standards, ensuring maximum reliability and safety.

**Technical
Consultancy**

**Dedicated
buffer stock**

**Market
opportunity
assessment**

Un distributore indipendente vicino alle esigenze dei clienti in tutto il mondo.
An independent distributor close to the needs of its world wide spread customers.

SEMICONDUCTORS

Discrete semiconductors THT-SMT

Bridge rectifier

Diodes: general purpose/Signal/Fast/Schottky/Zener/TVS

Power modules Diodes-Thyristors-IGBT

Discrete BJT – Mosfet

Digital-PreBiased transistors

Discrete Power Mosfet – IGBT

IC linear-switching

IC reference voltage-regulators

IC logic HC

IC Opamp-Comparator

ESD protection

NON FRANCHISED DISTRIBUTOR

QUALITÀ

Offriamo garanzia su tutti i nostri prodotti.
Collaboriamo solo con fornitori certificati,
selezionati in base a rigorosi criteri
e verificati tramite il nostro sistema
di controllo dei fornitori.
Esaminiamo attentamente i nostri fornitori
per assicurarci che tutti i prodotti siano di
origine affidabile e verificabile.

QUALITY

We offer a guarantee on all our products.
We only work with certified suppliers,
selected according to rigorous criteria and
verified through our supplier monitoring
system. We carefully screen our suppliers
to ensure that all products are of reliable
and verifiable origin.

SERVICE

SERVIZI DI COLLAUDO E ISPEZIONE

Possiamo far eseguire qualsiasi test aggiuntivo (su richiesta) da un laboratorio test certificato ISO 9001:2015, come:

- Test di funzionamento elettrico AC/DC
- Test di saldatura
- Decapsulazione Analisi interna
- Ispezione a raggi X

Altri test specifici del dispositivo possono essere forniti su richiesta.

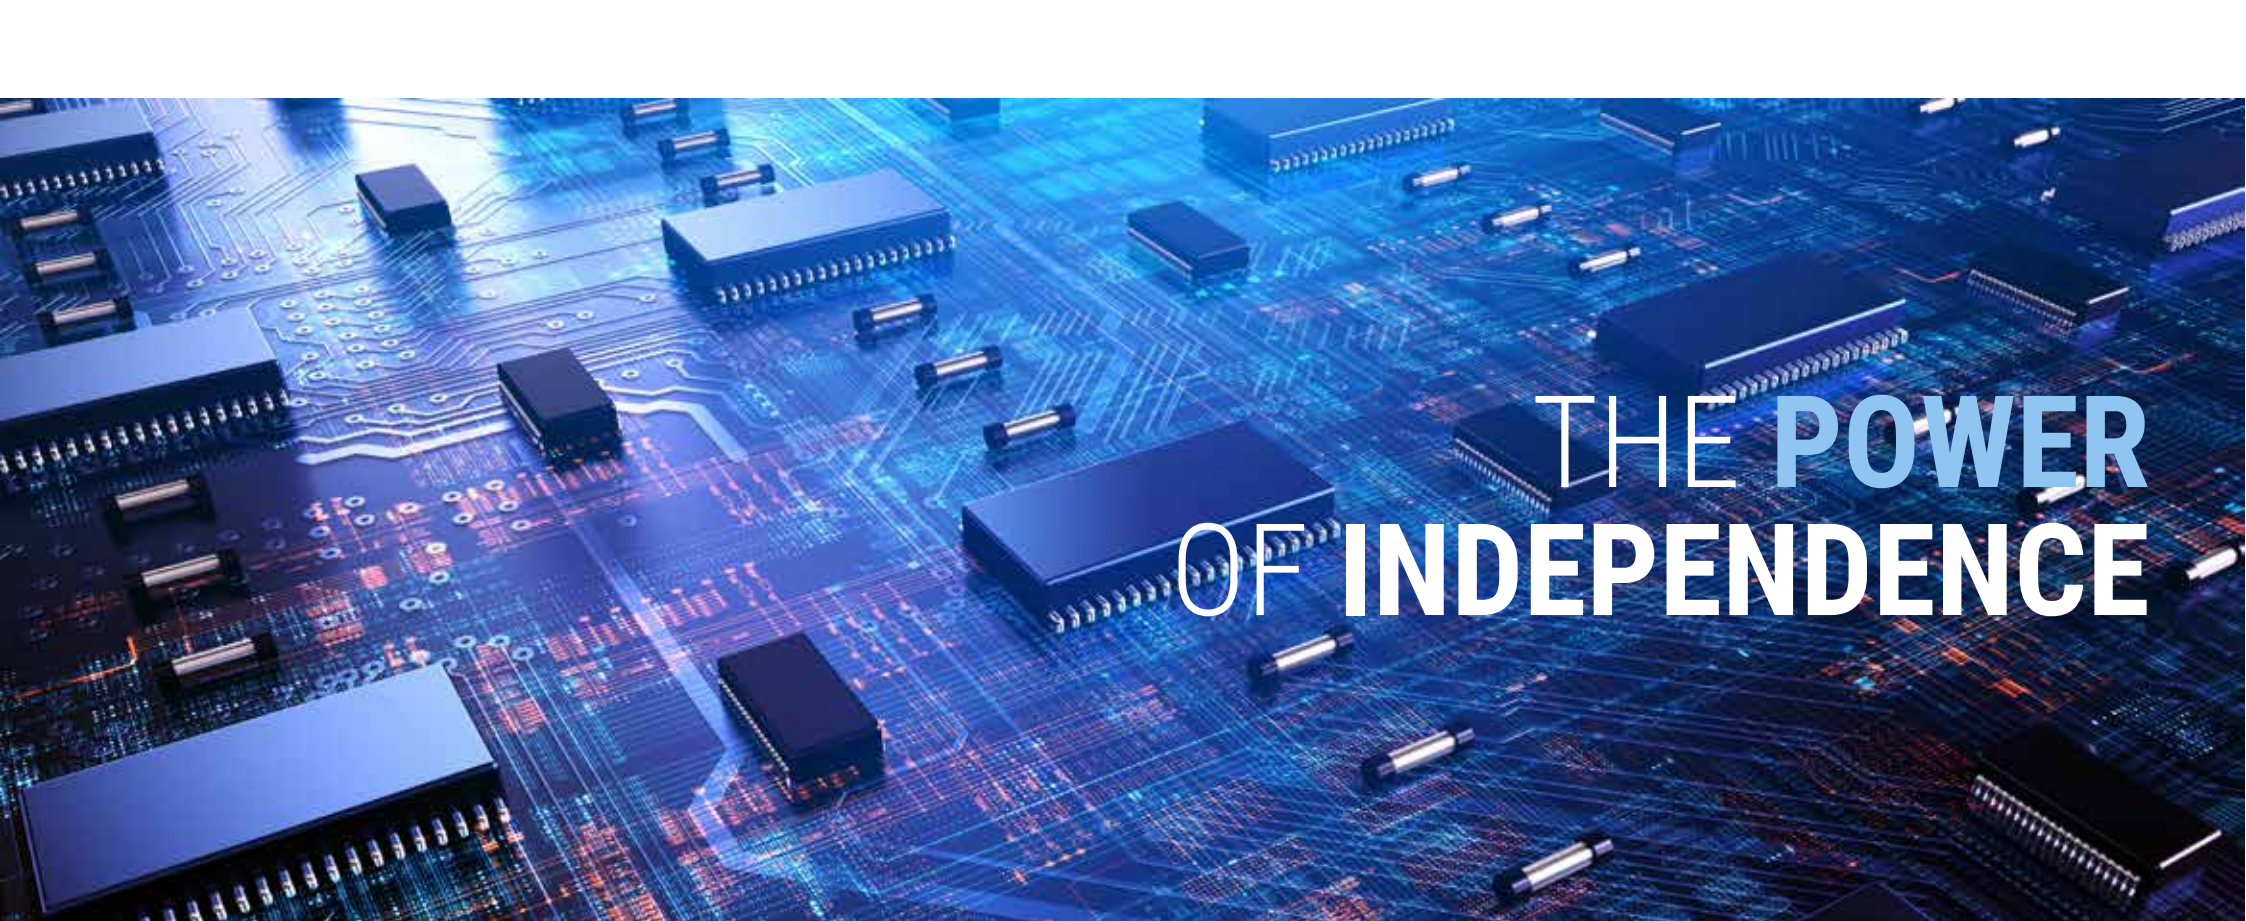

TESTING AND INSPECTION SERVICES

We can have any additional tests performed (upon request) by an ISO 9001:2015-certified testing laboratory, such as:

- AC/DC electrical function testing • Welding testing
- Decapsulation Internal analysis
- X-ray inspection

Other device-specific tests can be provided upon request.
